

Live Broadcast Sessions

All sessions will take place in Eastern time (Washington, D.C.). The live-broadcast sessions will not be recorded for later viewing, so plan to watch them live at the scheduled times.

Thursday, November 20, 2025

8:30 a.m. – 10:00 a.m.

Opening General Session

10:30 a.m. - 11:30 a.m.

1001: CSD Department's Planning for and Response to Natural Disaster: Lessons Learned from Helene

1013: Utilizing Evidence Based Swallow Screening for Pre & Post Operative Cardiovascular Surgical Patients: Successes & Pitfalls

1019: OTC Hearing Aids at the Community Pharmacy: an Update

1028: Where Civil Rights Stand: Protections, Obligations, and Changes

1:00 p.m. - 2:00 p.m.

1077: Cultural Adaptations and Global Equity in Speech-Language Pathology: A Feasibility Project from Kenya

1079: Global Advances in Pediatric Communication Disorders: Hearing Loss Prevention, Detection, Intervention - Part 1

1082: Decolonizing Health Literacy: Embracing Cultural Humility to Envision Possibilities for Rebuilding Trust - Part 1

1102: Diagnosing Students Who Struggle With Writing: Rethinking the Definition of Dysgraphia

1107: Better Together: Elevating /J/ Treatment through Research-Clinical Partnerships

1114: Voice Care and Research: Past Lessons, Present Innovations, Future Possibilities

2:30 p.m. - 3:30 p.m.

1139: Global Advances in Pediatric Communication Disorders: Autism-friendly Storytimes – Why, Who, How - Part 2

1142: Decolonizing Health Literacy: Embracing Cultural Humility to Envision Possibilities for Enacting Justice - Part 2

1146: Fast and Accurate Diagnosis of Hearing Loss Using the parallel Auditory Brainstem Response (pABR)

1151: Narrative Coherence: Foundation for Envisioning Possibilities for the Future

1159: Turning Pages, Restoring Futures: Language and Literacy Intervention for Youth in the Juvenile Justice System

1161: Supporting Psychosocial Well-Being in Individuals With Progressive Motor Speech Disorders

4:30 p.m. - 5:30 p.m.

1185: Work Smarter, Not Harder: Tips for Boosting Clinical Efficiency in an Audiology Practice

1193: Envisioning Possibilities: Prenatal Counseling and Feeding Strategies for Infants with Cleft Palate

1197: Uncovering Our Past to Transform the Future: A Critical Exploration of our Professional History

1211: Promoting Vocabulary Acquisition in Dual Language Learners Using Computer-Assisted Bilingual Vocabulary Intervention

1220: Troublesome NICU Feeders: State of the Science Guiding Assessment, Treatment, and Prognosis for Recovery

1227: Embracing the Future: Navigating Teletherapy Trends in Our Profession

6:00 p.m. - 7:00 p.m.

1239: From Stone Age to Space Age: The Remarkable Journey of Supporting People With Swallowing Disorders

1241: New and Future Directions in Cochlear Implants

1243: Breaking the Belief Barrier: Accelerating AAC Adoption in an Era of Innovation

1252: Transforming School Culture: Practical Strategies for Creating a Neurodiversity-Affirming Environment Where All Students Can Thrive

1260: Listening Gamification: Building New Neural Pathways for Inclusive Behaviors

1275: Envisioning Inclusive Futures: Evolving IEP Modifications for Children with Hearing Loss

Friday, November 21, 2025

8:00 a.m. - 9:00 a.m.

1317: Supporting Autistic Stories: Unlocking the Power of Personal Narratives

1325: PRO-ACTIVE Trial: Towards Clinically Implementing Trial Results into Clinical Practice

1326: Shared Decision Making with Neurodivergent Clients; Enhancing Health Literacy Using Meta-Therapeutic Approaches

1329: Bridging Human and Mouse Auditory and Vestibular Clinical Research

1336: Speech-Language Pathologists' Perspectives on Gestalt Language Processing and Natural Language Acquisition: A Qualitative Interview Study

1348: Legacies of Listening: Bridging Perspectives in Auditory Processing Evaluation - Part 1

9:30 a.m. - 10:30 a.m.

1379: Advancing Clinical Care for Cleft Palate: Innovations in Imaging and Biofeedback Technologies

1388: Audiologic Management of Children with Extensive Support Needs – Perspectives from Educational Audiologists & School-Based Professionals

1391: DLD in Schools: Where Have We Been? Where Should We Go?

1394: Designing Neurorehabilitation for People with Aphasia from Diverse Communities Using the WHO P Factor

1397: ASHA's Competency Framework for Audiology and Speech-Language Pathology: Envisioning Career Pathways

1413: The Heat of the Moment: How Leaning Into Discomfort Builds Better Clinicians

11:00 a.m. - 12:00 p.m.

1416: Envisioning Possibilities: A Bold, Interprofessional Collaboration Between Speech-Language Pathology and Applied Behavior Analysis

1435: Supporting the Sensory Needs of Autistic Children: Evidence-Based Strategies to Enhance Connection and Communication

1445: Hearing Loss as a Modifiable Risk Factor for Dementia: Ethical Imperatives in Clinical Practice

1446: Improving Diagnosis and Outcomes Validation for Children with Mild Bilateral Hearing Loss

1465: Envisioning the Future by Learning from the Present: Establishing and Implementing School-Based PFD Procedures/Treatment

1472: Dysphagia Management Opportunities for the Voice SLP

1:30 p.m. - 2:30 p.m.

1499: Navigating Post-Operative Transitions: From Acute Care to Outpatient Management in Head & Neck Cancer

1501: Innovations in Speech-in Noise Assessment: The Present and the Future

1504: Research Symposium on Hearing: The Utility of Extended High-Frequency Hearing and Assessment for Speech Communication

1511: Cultivating Future Leaders: Supporting Bilingual English/Spanish Students Through Legacy and Transformational Change

1523: Children's Selective Social Learning in Speech and Language: Foundations and Clinical Implications

1524: Putting the Principles of Motor Learning into Practice with Biofeedback

3:00 p.m. - 4:00 p.m.

1555: Medical SLP Without Borders: Navigating Cross-Country Variations in Clinical Practice

1556: Envisioning the Future of Clinical Support: Real-Time Solutions for SLPs Treating Patients with Surgical Airways

1561: Research Symposium on Hearing: Improving Hearing With Two Ears in Adults With Cochlear Implants

1562: From Overwhelmed to Optimized: Using AI to Simplify Speech Therapy

1580: When Resources Are Limited: Innovating Pediatric Swallow Studies in Community Settings

5:00 p.m. - 6:00 p.m.

1601: Increasing Access to Cochlear Implants in Rural Communities Through Innovation and Collaboration

1612: Storytelling & Sense-Making: How Narrative Medicine Informs Person-Centered Care

1627: Aphasia throughout the Research Lifecycle: Ethical and Institutional Considerations in Partnership and Participation

1641: Connected and Thriving: Redefining the Future of Professionalism in Telepractice

6:30 p.m. – 8:00 p.m.

ASHA Awards Ceremony

Saturday, November 22, 2025

8:00 a.m. - 9:00 a.m.

1708: Envisioning Equity: Culturally Inclusive Dysphagia Diets and Diversity in Inpatient Rehabilitation Settings

1714: Using AAC to Unlock Communicative Potential in Late-Talking Toddlers

1716: The Agile SLP: Business-Minded Approaches to Case Management, Digital Product Strategy, and AI Integration

1730: Development and Clinical Implementation of ManU-IRU Stimuli for Measuring Aided Cortical Responses

1737: Research Symposium: Methods and Results of an RCT Designed to Improve Script Training for Aphasia

1751: Working with School Aged Children who Stutter: Emotions

9:30 a.m. - 10:30 a.m.

1772: Through An Auditor's Lense: Defensive Documentation for Medicare and Managed Care

1784: Vestibular Dysfunction in Children with Congenital Cytomegalovirus: A Multi-Site Retrospective Review

1791: Research Symposium: A Comparative Effectiveness Trial of Many vs. Few Features in Semantic Feature Analysis

11:00 a.m. - 12:00 p.m.

1823: Bone Conduction Hearing Devices: What You Need To Know

1835: Treating Speech Sound Disorders in Children with Cleft Palate

1836: A Critical Concept Analysis of the Home Literacy Environment

1848: Research Symposium: Building Meaningful, Implementable Dyadic Interventions—Lessons from the Communication Bridge Trials

1860: A New Patient-Reported Measure of Social Support for Communicative Participation for Motor Speech and Voice

1861: Advancing Auditory Processing Intervention: Clinician-Guided Interactive Methodologies for Pediatric Engagement

1:30 p.m. - 2:30 p.m.

1879: Oncology Rehab for the SLP: Key Concepts in Cancer-Related Cognitive Impairment

1894: Motivational Interviewing in Action: Applying Psychological Principles to Enhance Person-Centered Care in Audiological Practice

1898: Research Symposium: Improving Healthcare Communication with Patients with Communication Disabilities—A Tale of Two Trials

1910: Patient-Reported Outcome Measures for Individuals with Communication Impairments: Administration, Interpretation, and Integration into Clinical Care

1925: Culturally Responsive Supervision: The Future is Ongoing Communication

1927: Implementing AAC in Life Skills Classrooms Through a Hybrid Model of In-Person and Telepractice Services

3:00 p.m. - 4:00 p.m.

1934: SLP-Led Interventions and Treatment Strategies for Mild Cognitive Impairment and Early-Stage Dementia

1945: Unlocking Digital Marketing Secrets: Key Strategies for Success in Hearing Healthcare

1947: Navigating Utilization Management: What Drives Payers and How Providers Can Smooth the Way

1959: Research Symposium: Respiratory-Swallow Training—Impact on Swallowing Safety and Efficiency

1977: Phonological Processing, Language and Literacy in Pediatric Cochlear Implant Patients

1983: Envisioning a Stutter-Affirming Future: The Role of SLPs in the Era of Neurodiversity
